Registering in Metropolis

All parkers must register their information with Metropolis to begin the parking visit. To register, you can either:

- A) Scan the QR code displayed on the 'Scan-To-Pay' signage around the parking area;
- B) Visit www.metropolis.io/join at any time to complete the steps.

#2

Starting Visit + Receiving QR code

Once you are registered, start your visit by selecting your lot location. **Please note, select the lot you have entered - “124 Alfred Lot” or “440 Alfred Lot”** (do not select “garage”). Then select the desired parking duration. After dining with us at Leña, tell the host you parked in a Metropolis lot and they will provide a QR code for validation.

#3

Applying QR Code

After receiving the QR code from Leña, open the Metropolis app or website. You will see a green button that reads “Enjoy discounted or free parking” (circled in the screenshot to the right). Click “Scan” and scan the QR code provided by Leña. Once scanned, you will receive confirmation that all charges accumulated within the first 3hrs and 20min of your visit are cleared. **To redeem the validation successfully, it must be applied after you have entered the lot and before you have exited.**
